## SKILLS

Programming Languages: Java, JavaScript, SQL  
Web Technologies: HTML, CSS  
Core Concepts: Object-Oriented Programming (OOPS), Data Structures  
Data & Analytics: Power BI  
Computer Science Fundamentals: Operating Systems

## PROJECTS

### JanVani Bharat

Developed an AI-based web application that analyzes user inputs to recommend eligible government schemes using rule-based logic/API integration, with direct access to application portals.

### Smart Classroom & Timetable Scheduler

Designed and implemented an AI-driven scheduling system to generate conflict-free timetables using optimization logic, integrated with a digital classroom module for real-time updates and attendance management.

## CERTIFICATION & TRAININGS

|                            |                                                                                                                                                                                                                                                                                                            |

| <b>Jun 2025 - Jul 2025</b> |  <b>Larsen &amp; Toubro</b><br>Intern - Digital Marketing & Business Intelligence<br>Assisted in digital marketing by analyzing campaigns, creating Power BI dashboards, and supporting data-driven business decisions. |
| <b>Feb 2024 - Mar 2024</b> | <b>Merril Technology Ltd Limited</b><br>Intern - Software Development<br>Gained hands-on experience in core Java concepts and developed applications using standard coding practices and debugging tools                                                                                                   |

## ACHIEVEMENTS

### Patent - Automated Traffic Light

Published by Intellectual Property of India on March 03, 2025.

### Certification - Power BI (Udemy)

Developed understanding of data analytics, reporting, and visualization for marketing strategies and applied it practically during internship.

## HOBBIES AND INTERESTS

- **Throwball** (Teamwork and coordination)
- **Music** (Keyboard & Guitar)
- **Event Organizing** (Planning and coordinating activities)
